VIOLENT VIRA

Mentira te amo perdóname

Take away my reason to stay  
I should've seen the signs  
Was there even a sign  
Of your final day?

Take away, tell me is it cliché?  
That I had truly wished  
That I could've died  
By your side that day?

Never the same love in this lifetime  
Never the same touch on your bedside  
Never to feel while I'm still breathing  
The touch of your lips kissing my fingertips  
I hope it's a dream and you're still with me  
This isn't real, your heart's still beating  
Whenever you're hiding, I'm still pleading  
Please, come home  
I can't make it okay!  
What do you want me to say?  
You know I'm always pulled back to your soul

I never said I could make it by myself if not by your side  
And what's to say, God this isn't okay  
Cause I'm ripped in two  
Half of me is here, still wondering where are you?

Never the same love in this lifetime  
Never the same touch on your bed side  
Never to feel while I'm still breathing  
The touch of your lips kissing my fingertips  
I hope it's a dream and you're still with me  
This isn't real, your heart's still beating  
Whenever you're hiding, I'm still pleading  
Please, come home  
I can't make it okay!  
What do you want me to say?  
You know I'm always pulled back to your soul

Te amo  
Te amo  
Te amo  
Te amo  
Te amo  
I love you so fucking much  
I love you more than anyone or anything  
Te amo  
In case you ever forgot  
Or I know sometimes you tease me  
And you're like  
"No you don't love me"  
But I really really do

Sorry  
I love you

I love you  
I love you  
I love you
