

Breathless

Violetta Cast

Since I talked to you of love,
Not a trace of you is there,
If you want to, you can hide,
But I still can see you care.

Anymore, nothing that I see is clear.
I'm not asking very much, just tell me that it's real.

I'm left here breathless,
Getting so careless,
Leaving you helpless,
Now don't you believe?

If you listen, I will talk
Tell you what I need to say.
If you look into my eyes,
Then we'll put aside these games we play.

You'll feel love, and then you'll go after it,
Let the truth embrace you when you're ready to admit.

I'm left here breathless,
Getting so careless,
Leaving you helpless,
Now don't you believe?

I'll understand,
Tell me that you love me if you can.

I'm left here breathless,
Getting so careless,
Leaving you helpless,
Now don't you believe?

I'm left here breathless,
Getting so careless,
Leaving you helpless,
Now don't you believe?

Now don't you believe?
