

DRAMATIC

Violette Wautier

Met you at a coffee shop
One look and I think you're hot
This first date is going really, really well
My god, I think I'm in love

When you talk, I don't hear a thing
'Cause your face is so distracting
In my head, I draw a heart around your name
Oh shit, here I go again

I'm so dramatic
It's tragic
I'm clearly insane
It's not romantic
It's toxic
What's wrong with my brain?
I'm so dramatic
A maniac with a pretty face
I need a therapist to fix this
Love makes me insane

Paris pour le honeymoon
Two kids, a house with a pool
At sixty, that's when we'll renew our vows
Oh shit, fuck no, I'm doing it right now

I'm so dramatic
It's tragic
I'm clearly insane
It's not romantic
It's toxic
What's wrong with my brain?
I'm so dramatic
A maniac with a pretty face
I need a therapist to fix this
Love makes me insane

Wait, wait, wait
I should learn from mistakes
From all of my heartbreak
'Cause love, it makes me feel so dumb somehow
Wait, wait, wait
My head is in the clouds
I need to get back on the ground
But seeing you now
I forget everything I'm supposed to remember

I'm so dramatic
It's tragic
I'm clearly insane
It's not romantic
It's toxic
What's wrong with my brain?
I'm so dramatic
A maniac with a pretty face
I need a therapist to fix this

Love makes me insane

I'm so dramatic

It's tragic

I'm clearly insane

It's not romantic

It's toxic

What's wrong with my brain?

I'm so dramatic

A maniac with a pretty face

I need a therapist to fix this

Love makes me insane
