

ENVY

Violette Wautier

If forever exists I hope that mine is with you
Every boring thing seems exciting
Even bad movies you let me choose
I can get a little bit dramatic
It's just my habit
But baby like magic, you handle me so well
You know? You're my favorite person on earth
Can you tell?

How did I get so lucky?

I envy myself cause I get to call you mine
I envy myself this kind of love is hard to find
Got me under your spell
Fell in love, I can't help
With you, I can see my whole life
Don't need no one else, darlin'
The only one I want is you
You, you, you, you

For you I would cross every line
Just letting you know I'd choose you every time
Let's buy a house. We'll build a home. Home to my heart
I'll lift you up when you are down cause I love your laughs
Promise to always hold your hand through the dark

It's so rare, so good, so lovely

I envy myself cause I get to call you mine
I envy myself this kind of love is hard to find
Got me under your spell
Fell in love, I can't help
With you, I can see my whole life
Don't need no one else, darlin'
The only one I want is you
You, you, you, you
Yeah you, you, you, you

I envy myself cause I get to call you mine
I envy myself this kind of love is hard to find
Got me under your spell
Fell in love, I can't help
With you, I can see my whole life
Don't need no one else, darlin'
The only one I want is you
You, you, you, you
You, you, you, you, you
