

# I'd Do It Again

Violette Wautier

I recall when you were mine  
You used to teach me how to drive  
You used to make fun of me when I'd cry

And I remember how we met  
3rd of July I wore a white dress  
And your hand was broken you were in a cast

And we fell in love  
But we both messed it up  
You were a storm and I was fire  
Yeah, we both had enough  
Of things broken on the floor  
What were we fighting for?

It was bitter sweet  
You were like a dream  
And I was your girl on the passenger seat  
Right next to you  
We were unstoppable  
We thought we had it all

We used to laugh about the things  
That no one else would find funny  
Just you and me when nobody's around

And I remember every second  
When we broke up in your car  
I held a smile and held you in my arms

We were so in love  
But we both messed it up  
You were a storm and I was fire  
Yeah, we both have given up  
It's not working anymore (no)  
Don't want to fight no more

It was bitter sweet  
You were like a dream  
And I was your girl on the passenger seat  
Right next to you  
We were unstoppable  
We thought we had it all

Even if I knew this would end  
I'd do it again  
Even if I knew this would end  
I'd do it again  
Even if I knew this would end  
I'd do it again  
Even if I knew this would end  
I'd do it again  
Even if I knew this would end  
I'd do it again

We were so in love  
But we both messed it up  
(I'd do it again)

Storm and fire  
Yeah we both had enough  
(I'd do it again)

Bitter sweet  
You were like a dream  
(I'd do it again)

But I'd do it again  
I'd do it again  
I'd do it again
