

Taste Your Love

Violette Wautier

Love at the first sight, like it's the first time
Baby, I just wanna taste your love

Baby, I just wanna taste your love

Baby, I just wanna taste your, I just wanna taste your love

(Taste, taste your love
Taste, taste your love
Taste, taste your love)
Baby, I just wanna taste your (I just wanna taste your)

Morning coffee, baby, that's what you are
Just like a barista
Baby, I just wanna taste your, I just wanna taste your love

Baby, I just wanna taste your love

Baby, I just wanna taste your, I just wanna taste your love

Baby, I just wanna taste your love

Baby, I just wanna taste your, I just wanna taste your love

(Taste, taste your love
Taste, taste your love
Taste, taste your love)
Baby, I just wanna taste your, I just wanna taste your love
