

## Face In The Dirt

Virgin Snatch

Legislative powers are  
Set up in such a way that  
Ruling majority can  
They will!  
Interfere with everything!

We enjoy the peace living in the free world  
This is the result of our policy  
And mission and other committees  
No blame!  
No shame!  
A painful thought: a face in the dirt!  
No shame!  
Campaigns  
A painful thought - it really hurts!  
Separation that you break  
Stability of supreme heads  
Violation that you make  
This is disease  
This is  
Unprecedented step!  
This is the recipe for  
Authoritarian post-war hardcore!  
Domestic repression, implosion of law  
The entire structure of justice will blow!  
Liberal order that retrenched peace  
Subvert and invert: the way that you need  
The rise of racism, intolerance  
[This is] a sign of our fall!  
Legislative powers are  
Set up in such a way that,  
Ruling majority can  
They will!  
They will!  
They will!  
Interfere with everything!  
No blame!  
No shame!  
A painful thought: a face in the dirt!  
No shame!  
Campaigns  
A painful thought - it really hurts!
