

A Whisper of Death

Virgin Steele

Sign in the distance, leave it behind . . .
There is no meaning, when the promises are lies I'll bring you pain,
far from the Light . . .
I see the Rings around the Sun, I know their Names I see the
Colors turn and run, I stay the Same.
There is no meaning when the promises are lies I'll bring you pain,
far from the Light . . .

(Victory, Holy War, I am reborn tonight on EARTH,
You will know, you will see the end of all former might
HEAVEN and Right in the window, I know where you are HELL)
Hunting and killing again
Holy Tomorrow I see where you are I will be there when you die !

A WHISPER OF DEATH
I bring to you
The Sons of Tomorrow, I know that they're through
There'll be no mourning, the Skies are alive
A WHISPER OF DEATH,
Fall in the sight of your God
A WHISPER OF DEATH !

Crush them all, kill their Reign
See them Fall from the Light Who will know, who will win
Seven years from tonight Gods in the mirror I know where you are
Haunting the still of the night
Holy Tomorrow I see where you are I will be there when you die !

A WHISPER OF DEATH
I bring to you
The Gods of Tomorrow, I know that they're through
There'll be no warning, the Skies are alive
A WHISPER OF DEATH . . . ,
when the Spirit's torn from your Flesh . . .

A WHISPER OF DEATH,
A SHADOW OF FEAR
Seven Riches of the Skies
A WHISPER OF DEATH
I bring to you Seven meanings of our Love
There'll be no warning, the Skies are alive
A WHISPER OF DEATH

Thunder War,
Blood and gore Send them
Fear on the tide I will know, I will win Kill them quick,
'fore they rise Bride in the mirror I know who you are
Writing the Book of Demise
Holy Tomorrow I see where you are I will be there when you die !

NO ! A WHISPER OF DEATH
I bring to you The Gods of the moment,
I know they're through We're pounding the Valley, the Skies are aflame
A WHISPER OF DEATH,
I bring to you Seven meanings of our Love
There'll be no mourning, the Skies are a lie
A WHISPER OF DEATH, Fall in the sight of your GOD ! ! ! ! ! ! !

A WHISPER OF DEATH ! ! ! ! ! ! ! ! ! ! !
