

# Adorned with the Rising Cobra

Virgin Steele

Long I Wandered Through Night Eternal  
Forged as One with the Dark  
Wild Orchid... Serpent Sunrise  
Damn the Horns of the Moon  
Fierce Your Eyes Open Grave Incisions  
Pale and Strange in Your Face  
Tempting Torture, Rape Desire  
Dreams Are Born in This Place  
Rise... You're Mine, Be Free  
A Vision of My Black Deeds  
Your Taste... Embrace... That Which Remains Unseen

By the Tigris, by Euphrates  
By the Lives That We've Known  
Frightened Boy Child... Kill What You Love  
Spirits War in Your Soul  
Fierce Your Mind Opens... Stranger Prisons  
Fear and Lust Rule Your Face

Fortune's Fire, Rape Desire

Dreams Are Torn in This Place

Rise to Know Your Place  
Forever on Your Knees  
Your Face Erase 'til Nothing Remains...

Run from My Arms... Don't Run from My Arms

Sleep and Forget You Were Born

Fear Not My Face or My Savage Grace  
All Become Numb with the Dawn...  
Don't Try to Hide from My Savage Heart

How to Unlearn All the Things We Have Learned  
Mind Searing Thoughts Cold Are Our Hearts

How to Unlearn All the Things I Have Learned... Yeah!  
To Wear the Crown of Whore  
Or Touch Eternity's Stare  
Love is Cold It Tastes of Hell  
Beseeching Me There...  
I Am Waiting  
I Am Waiting Here... (For Another Year...)  
Slaving... Like the Shrouds of Tears  
Waiting for All Who've Lost Their Way...  
You'll See Them Now...  
You'll See Their Mounds...  
All Their Tears Are Burning Down  
Silver Fortune Awaits  
I Am Fallen Like the Crowd's Own Fear... (and the First  
Formed Tear)  
Callin' a Thousand Worlds Draw Near  
Silent When All is Scarred Love Awakes

Enter the Realm Above

Wild-born I'll Teach You the Secrets of Wisdom

To Order the Night, a Prison Above

Behold the Secrets of the Earth  
For This is Not Life  
And This is Not Death  
These Are Things We Made Unseemly...

And This Black Fortune's Debt...  
To Never Return... Again... NEVER!  
Long I Wandered Through Nights Eternal...  
Forged as One with the Dark  
Rising Up Through Serpent Sunrise  
I Can't See Where We Are  
Fierce Your Eyes Open Paler Prisons  
Blood Looks Strange in Our Face  
Tempting Torture, Rape Desire

Dreams Are Torn in This Waste  
Rise to Know Your Place  
Forever on Your Knees

I Recall Every Flame Vow

Run from My Arms... Don't Run from My Arms  
Sleep and Forget You Were Born

Rise Babylon, Break from Your God  
All Become One with the Dawn  
Don't Try to Lie  
To My Tragic Heart  
How to Unlearn All the Things I Have Learned  
Raise Babylon Safe from Your God!

How to Unlearn All the Things We Don't Know!  
Oh! Will We Never Learn...?
