

## Mind, Body, Spirit

Virgin Steele

On the Bridge of Hades, searching for a  
Sign On the brink of Knowledge, there's no time  
Shadow of the Horseman who is sworn to rise  
Seven are now waiting in the  
Skies Warring Angels forage,  
Scavengers of Pain I am born to Power,  
Courage is my Name

Rise on the Wings of Truth, to the  
Sun We know that Forever lives inside . . .  
MIND, BODY, SPIRIT . . .  
All are One

Rising like a Tower, Fortune's Torch revives  
Slicing every Rule that will divide  
Who will hold the Red Queen when misfortune cries  
Seven Bands are waiting in the Sky  
Murder and Fire and Pain is the  
Sign Swollen with Power your  
Blood is my Wine  
And I know !

Rise on the Wings of Doom, to the Sun  
We know that Forever lives inside . . .  
MIND, BODY, SPIRIT . . . All are One  
MIND, BODY, SPIRIT . . . All are One ! ! !

Prizing only Valor Numen steal the  
Light On the brink of Knowledge  
Burning Bright Shadow of the  
Horseman who is sworn to rise  
Sin and Death are waiting in the  
Skies Murder and Fire and Pain is the  
Sign Swollen with Power your  
Blood is my Wine  
And I know !

Rise on the Wings of Death, to the Sun  
We know that Forever lives inside . . .

I see my Vision, I see the Line  
Circling onward, looking for  
Nine I know the answer is not to be found  
Searching in Darkness with eyes of the blind  
And in the Morning,  
Two will remain  
To carry us onward, to Guard the Flame  
That we know . . .  
There'll be time . . . for All . . . , for All  
We don't need you, we're fine on our own  
We don't want you, leave us alone . . .  
Fortune is Fire as Numen we  
Shine Invoking the Power, your  
Blood is my Wine  
and I know . . .  
The Mind is a Tower,  
the Body sublime The Soul is the Power, your

Blood is my Wine  
and I know . . .  
Leave us alone ! ! !
