Virgin Steele

We are Descendants of the Ancient Ones The Race beyond the Wanderers of Night Who dwell in the Black Spaces between the Stars From a Time before Time. Long before this current Dynasty of Heaven We Reigned And will Reign again . . . For We contain the Divine Essence, Made from the Flesh, Blood and Bone of a God Who walked in Flesh, and who cut off his own head . . . Nourished by Fire, Water, Wind, Wrath, Rage and Tears We Blossom at the Root of the Tree of Knowledge . . . We wait and We remember . . ., for the Blood of Man, is . . . THE BLOOD OF VENGEANCE ! ! ! ! ! !
