

So you say that you're leaving  
That's all right that's all right  
Who'd I'd ever be to care?  
Just like honey from the bees  
So nice I'd like to do it twice  
Who'd I'd ever be to care?

Just like way back in the days of Motown  
We all used to get together and sing our songs of love  
But they're all the same  
But it sure has been a long time since Motown came to my town  
My mom was still dancing  
Black man sing a song of romance that's all he needs  
A little girl to make his life complete  
Just like singing a serenade beneath your windowsill  
Slow dancing on a Friday night

I've been dreaming of you all afternoon  
The sun was shining I near about fell in love  
In the park with the woods to wonder  
Do you wanna be my lover  
Won't you cry when you miss me we fit just right  
I know because I saw it in your eyes  
You look a little angry baby  
But don't you know that's just the way I love you  
Don't you know that's just the way I love you  
So turn your lights down low  
Turn your love light up  
Turn your lights down low  
Turn your love light up
