

Not Scared

Virginia Coalition

Stole the car keys from your mother
Drove beyond the county line
We are hidden but from moonlight in the night

If it's wrong that we're together
Why does this love carry on?
I can see that they won't break you so I'll stay strong
all along
They can't take you
When you're gone
I can say

I'm not scared to hold you
And I don't care what they told you
You'll be mine
And in time we'll be fine

Pretending we don't know each other
Such a tired masquerade
Pull the shades up on and wonder what we'd make
Would you trade the world they gave you?
When we say, I can say

I'm not scared to hold you
And I don't care what they told you
You'll be mine
And in time we'll be fine

So please remember
The truth inside your heart lives on forever
Please remember
That I'm not scared to hold you
And I don't care what they told you
I'm not scared to hold you
And I don't care what they told you

No I'm not, I'm not scared to hold
And I don't care what they told you (2x)

Oh I'm not
You'll be mine
And in time we'll be fine
