Set To Fail

Vision of Disorder

Yesterday's horrid will become tomorrow's misery
As the steps of my heart becoming matching with the ...
Set to fail
The tragic story of my haunt away
Can't stay awake at night
While they ask what's going past
Revelation, set to fail, set to fail
All my ... I see your heaven
Only talk there's a ...cell at sunset
Now forgiveness and unfortunate
Never I'll suffer till I fall
So, you see the pain in my eyes
You inherited scars
You think I wanna put up to it
And I'll do it, and I'll do it, and I'll do it, again
You want a piece of me? We're going hard time
You think I wanna put up to it
And I'll do it, and I'll do it, and I'll do it, again
Pray for soul is, you picking names
Across the river, forever and a shadow
And there's time for playing spiritually,
We've seen it
I was so devastated, turn to hatred
So much till they fall
So, you see the pain in my eyes
You inherited scars
You think I wanna put up to it
And I'll do it, and I'll do it, and I'll do it, again
You want a piece of me? We're going hard time
You think I wanna put up to it
And I'll do it, and I'll do it, and I'll do it, again
Let the sky rain down
Waves of sorrow all falling down, on me
... all the fire of your demons and 1000 years of solitude
The prison walls inside my head are impossible and ...
Set to fail
Maybe I was ... with impression, I come to the bottom line
Revelation, set to fail, set to fail
Set to fail! All my life, blackwater tide!
Please wash away, all my pain that I know
Let the sky rain down
Waves of sorrow all falling down, on me, faaaaaaallllll!
Blackwater tide!
Please wash away, please wash away
All the pain that I know
Blackwater tide!
Please wash away, please wash away
All the pain that I know
Blackwater tide!
Please wash away, please wash away
All the pain that I know.
