

# A Hit Of Heaven

Vistas

You said we're getting out of here  
Before the daylight disappears  
You said that you'd do anything  
To not do this  
Your hand is on your bag again  
Body language I don't understand  
You said that you'd do anything  
To not do this

I don't know what I am waiting for

Out collecting scars  
Lost rejected parts  
Of you, you  
(A hit of heaven)  
All the good men broke  
All I have is hope  
For you, you  
(A hit of heaven)  
(A hit of heaven)

The windows getting boarded up  
The border isn't far enough  
You said that you'd do anything  
To not do this  
Reflection close to tearing up  
My vision is a violent rush  
You said that you'd do anything  
To not do this

I don't know what I am waiting for

Out collecting scars  
Lost rejected parts  
Of you, you  
(A hit of heaven)  
All the good men broke  
All I have is hope  
For you, you  
(A hit of heaven)

(A hit of heaven)  
(A hit of heaven)  
(A hit of heaven)

Out collecting scars  
Lost rejected parts  
Of you, you  
(A hit of heaven)  
All the good men broke  
All I have is hope  
For you, you  
(A hit of heaven)

(A hit of heaven)  
(A hit of heaven...)
