

It's only, lately, you told me  
To stay just a little bit longer  
The older, I'm feeling's  
Revealing a notion I can't shake  
Or make, this change  
Sorry I'm just trying to be honestly  
I'm nothing without it I hope you know

I'm not feeling sentimental  
For the open road it's incidental  
When you live outside the modern life  
It's hard to find your place inside  
Don't think it's coincidental  
That the drugs don't work the way they're meant to  
When you live outside the modern life  
It's hard to find your place inside

Notice, and listen, and be there  
Be present for the people that matter  
Their laughter, will keep you  
Going when you're feeling so scattered  
Round the UK  
And maybe one day, out in the rest of the world  
When I won't be, nothing without it I hope you know

I'm not feeling sentimental  
For the open road it's incidental  
When you live outside the modern life  
It's hard to find your place inside  
Don't think it's coincidental  
That the drugs don't work the way they're meant to  
When you live outside the modern life  
It's hard to find your place inside

I'm not feeling sentimental  
I'm not feeling sentimental

I'm not feeling sentimental  
For the open road it's incidental  
When you live outside the modern life  
It's hard to find your place inside  
Don't think it's coincidental  
That the drugs don't work the way they're meant to  
When you live outside the modern life  
It's hard to find your place inside
