

The Love That You Leave Behind

Vistas

Can anyone
Tell me the truth, I'll believe them
Wish I was young
When I would fall grave my knees and
Hope for the best now
They said the worst's yet to come though
And if you go
Show them the love that you leave behind

The love that leave behind
The love that leave behind
The love that leave behind
Leave behind, that you leave behind

Open the door
Try to explore every meaning
Can't take anymore
It's easy to say that you're leaving
Tell me a secret
I need to know that you're with me
Leave me alone
Lost with the love that you leave behind

The love that leave behind
The love that leave behind
The love that leave behind
Leave behind, that you leave behind

So what'd you expect
I'll still adore you but stay at arm's length
So what you expect
I'll still adore you but stay at arm's length (the love that you leave behind)
So what you expect
I'll still adore you but stay at arm's length (the love that you leave behind)
So what you expect
I'll still adore you but stay at arm's length (the love that you leave behind)

The love that you leave behind
The love that you leave behind
The love that you leave behind
Leave behind, that you leave behind
The love that you leave behind
The love that you leave behind
The love that you leave behind
Leave behind, that you leave behind
