

Don't think you know  
I don't think you know what's right  
I couldn't show  
I've always been so uptight  
Run out of luck  
I run out of luck this time  
It's never enough  
To give all you've got and try and

Down on yourself, are you afraid  
That you have stopped believing?  
Call out for help  
I think you know that I'm the one receiving it

Because you'll never see the upside  
When you're living on the outside  
And if you wanna see the bright side  
You need to tell yourself that you can let go  
So just forget about the real life  
And remember that your time flies  
Never thought you'd make it here at all  
So I'll open up my arms if you fall

Forgive all your words  
Forgive all your words and say  
That you got it wrong  
But you live and you learn this way

Down on yourself, are you afraid  
That you have stopped believing?  
Call out for help  
I think you know that I'm the one receiving it

Because you'll never see the upside  
When you're living on the outside  
And if you wanna see the bright side  
You need to tell yourself that you can let go  
So just forget about the real life  
And remember that your time flies  
Never thought you'd make it here at all  
So I'll open up my arms if you fall

Oh  
Oh, oh-oh  
Oh  
Oh, oh-oh

Because you'll never see the upside  
When you're living on the outside  
And if you wanna see the bright side  
You need to tell yourself that you can let go  
So just forget about the real life  
And remember that your time flies  
Never thought you'd make it here at all  
So I'll open up my arms if you fall
