

REWIND DOIS

Vitor Kley

Eu quero ver você dançando
Só pra mim, sem ninguém por perto
Me jogo, te entendo, descubro
Te quero de todos os jeitos, de peito aberto

Só não me leve a mal
Eu tô aprendendo a lidar com teu jeitin
Tá tudo certo uma tempestade ou outra
O que importa é a gente tá junto no fim

Sing that song like the last time
Over and over
Don't get it stuck in a rewind
Make love and write your poetry too, ooo
See that girl like the first time
Over and over
Don't get it stuck in a rewind
Fight for your rights and write your poetry too, ooo

I want to make this sweeter, baby
Can we make it personal, ooo
Want to learn your culture darling
Por que te amo você muito bom
(Eu nao falo)
You say you know, and I don't mind
And I say I've been caught in the tides
Take me to the bedroom, can we strip things down
You know you're the queen and you don't need no crown

Sing that song like the last time
Over and over
Don't get it stuck in a rewind
Make love and write your poetry too, ooo
See that girl like the first time
Over and over
Don't get it stuck in a rewind
Fight for your rights and write your poetry too, ooo

Da da dmmm
Da da dmmm
