

Light Up

Vivian Green

I still (still) light (light) up (up) when (when)
You're (you're) a- (a-) round (round) me (me)

Date night tonight (uh-huh)
I'm on the way to meet you (uh-huh)
Slip on this little black dress (uh-huh)
Butterflies when I see you

After all this time
Yeah, we keep goin'
Yeah, we got love
And it keeps growin'
Though we have our moments
What matters the most

I still (light 'em up) light (light 'em up) up (light 'em up) when (light 'em up)
You're (light 'em up) a- (light 'em up) round (light 'em up) me (light 'em up)

Ooh, ooh-ooh-ooh
I light up, I light up, I light up, I light up
I light up, I light up, light up, light up (light 'em up)
Ooh, ooh-ooh-ooh
I light up, I light up, I light up, I light up
I light up, I light up, light up, light up (light 'em up)

That bounce in your walk (uh-huh)
[?] (uh-huh)
[?] I never want (uh-huh)
'Cause you already know it

After all this time
We keep goin'
And we got love
And it keeps growin'
Though we have our moments
What matters the most

I still (light 'em up) light (light 'em up) up (light 'em up) when (light 'em up)
You're (light 'em up) a- (light 'em up) round (light 'em up) me (light 'em up)

Ooh, ooh-ooh-ooh
I light up, I light up, I light up, I light up
I light up, I light up, light up, light up (light 'em up)
Ooh, ooh-ooh-ooh
I light up, I light up, I light up, I light up
I light up, I light up, light up, light up (light 'em up)

And I don't always tell you how I feel
I hold it back sometimes like when we were kids
But you still give me all those butterflies
Every time (every time) you make my body light up

I still (light 'em up) light (light 'em up) up (light 'em up) when (light 'em up)

m up)

You're (light 'em up) a- (light 'em up) round (light 'em up) me (light 'em up)

Still light (light 'em up) up when (light 'em up) you're a- (light 'em up) round me (light 'em up)

Still light (light 'em up) up when (light 'em up) you're a- (light 'em up) round me (light 'em up)

Ooh, ooh-ooh-ooh

I light up, I light up, I light up, I light up

I light up, I light up, light up, light up (light 'em up)

Ooh, ooh-ooh-ooh

I light up, I light up, I light up, I light up

I light up, I light up, light up, light up (light 'em up)
