

That Kind Of Pain

Vivian Green

That kind of pain I felt when he demolished my heart
Tore it in thousands of pieces, then got up to leave
Left me there on the floor, he left me there to die
'Cause he was all my life
Then walked away like I was nothing
Like we never happened
(Pain)

I don't wanna feel
When my heart drops to my feet
No, I don't wanna feel
That kinda rage inside of me
I don't wanna feel
Like a bullet blown through my brain
I never wanna feel
That kind of pain
(Pain)

That kind of pain was like
(Like the black hole in my soul)
It haunts me every now and then
(Can't believe it ever happened)
Took me out of myself all in the name of love
Didn't know what it was
But I know now and I'm never losing it again
And I don't, I don't (I don't)

I don't wanna feel (No)
When my heart drops to my feet
I don't wanna feel
That kinda rage inside of me
I don't wanna feel
Like a bullet blown through my brain
I never wanna feel
That kind of pain (Pain)

Do anything not to feel the pain (Eh)
Do anything not to feel the pain (Not to feel that)
Do anything not to feel the pain (Does anybody know the kinda pain)
That unbearable pain

I don't wanna feel, oh
When my heart drops to my feet
I don't wanna feel, oh
That kinda rage inside of me
And I don't wanna feel
Like a bullet blown through my brain
I never wanna feel
That kind of pain (Pain)
