

We Are Everywhere

Vivian Green

We everywhere from
New York (To)
LA (From)
Kingston and Rio (From)
Caracas (To)
Ghana (From)
Santo Domingo (□□□□□)
Bring the drums in

Ooh, where my people at, people at, people at?
Ooh, where my people at, people at, people at?

So far apart, so disconnected
But no matter what, we're still connected

'Cause we are everywhere (We are everywhere)
Yes, we are everywhere (We are everywhere)
If only we could come together
We'd do so much better
This is my love letter
To all my people in

New York (To)
LA (From)
Kingston and Rio
Caracas, Havana
Trinidad and Tobago
Bring the drums in

Ooh, where my people at, people at, people at?
Ooh, where my people at, people at, people at?

They used our spectrum of brown against us
Is it gonna last a thousand years?
And keep sowing this division
Let us create diamonds through all of our tears

'Cause we are everywhere (We are everywhere)
Yes, we are everywhere (We are everywhere)
If only we could come together
We'd do so much better
This is my love letter
To all my people in
We are everywhere (We are everywhere)
Yes, we are everywhere (We are everywhere)
If only we could come together
We'd do so much better
This is my love letter
To all my people in

New York (To)
LA (From)
Kingston and Rio
Port-au-Prince
San Juan
Salvador
Port Royal

Run-Run-Run-Run with it

We all come from that triangle
Our blood survived the middle, middle
(Our blood survived middle, middle)
Money, greed, and human be
Money, greed, and human be
Never to return or be seen again

Now we are everywhere
We are everywhere (We are everywhere)
Yes, we are everywhere (We are everywhere)
If only we could come together
We'd do so much better
This is my love letter
To all my people in
'Cause we are everywhere (We are everywhere)
Yes, we are everywhere (We are everywhere)
If only we could come together
We'd do so much better
This is my love letter
To all my people in

Panama (To)
Cartagena (From, to)
Barbados (To)
Granada (From)
(We everywhere from)
Savannah (To)
Guyana (To, from)
New Orleans, Charleston (From)
We are everywhere

From all the port cities and countries I named
And those I didn't name
Through the years, we basically ended up everywhere
From New York, LA, Kingston to Rio
Okay
It was the largest forced migration in history (Alright)
But, Jordan! (Huh?)
You know what you can do?
What?
Look it up yourself, young man!
Look it up yourself
Yep
