

# Won't Look Back

Vivid

Before the lights went out  
We sat and talked about  
All the things we'd be  
Just needed her to be with me

All around that time  
I was feeling high  
A mind of my own  
I didn't mind being alone

So what do you say when it's all been said  
And how do you feel when it's all been felt  
And where do you go when it's all gone  
And you don't care enough to carry on  
Now what do you say when it's all been said  
And how do you feel when it's all been felt  
You will live the present tense - Won't look back!

We made it up not real  
We tried to think not feel  
When we closed our eyes  
And tried to look down deep inside

Looked away not through  
We used to say not do  
Now I understand  
I cannot see what I saw then

So what do you say when it's all been said  
And how do you feel when it's all been felt  
And where do you go when it's all gone  
And you don't care enough to carry on  
Now what do you say when it's all been said  
And how do you feel when it's all been felt  
You will live the present tense - Won't look back!

I will be just fine  
I will be alright  
Just as soon as I let go
