I'm lonely  
0000 0 000  
00 00 000  
00 00 000

I'm sorry  
I don't feel anything  
Even if I hold your hand  
Even if we hold hands together

I'm lonely  
It's weird that I'm lonely  
Even if I'm with you  
Even if I'm with you

We changed  
We used to be clear and now we're blurry  
We are over  
It was just the two of us who didn't know it

My heart doesn't jolt anymore  
I'm tired of dullness and everything seems pointless  
I've gotten bored after our honeymoon period  
I learned that I'm a guy who can be affected by it  
For no reason  
We grew fond of each other  
Our breakup came without a warning too  
Like today  
It came like it's to be expected

You did nothing wrong  
No there's nothing to fix  
I'm sorry eh eh  
Forgive me eh eh  
We're like a cut tree branch  
You and I right now

We are cooling down  
Even your hot hand is cooling down  
We are walking differently too

Leaving behind promises without lies

I'm sorry  
I'm not confident anymore  
I can fool you  
But I didn't want to fool myself

I'm lonely  
The longer I try to hold out I'm lonelier  
I don't know if it's because of you  
Or because of me

We changed  
We used to be clear and now we're blurry  
We are over  
It was just the two of us who didn't know it

We are cooling down  
Even your hot hand is cooling down  
We are walking differently too  
Leaving behind promises without lies

Love was, from the beginning,  
Cruel to me  
It prepared our breakup without my knowledge  
It comes to me like it's my fault  
It pushes me  
And makes me see my cowardly side

I'm sorry  
I don't feel anything  
Even if I hold your hand  
Even if we hold hands together

I'm lonely  
It's weird that I'm lonely  
Even if I'm with you  
Even if I'm with you
