Ghost ghost I'm a ghost ghost ghost
I'm a ghost ghost I'm a ghost ghost ghost

Holla and holla,
With this track, you'll shout out
Cross your arms and listen,
I've always hidden myself dude
Holla and holla,
With this track, you'll shout out
Cross your arms and listen,
I've always hidden myself dude

Click clack, I'ma pull the trigger
At your feedback bomb blocka
Rather than saving up and getting a stomachache
I'm the type to rip off a big bite
My mental state is already free
Even if you provoke me and run away
I'll repay you with a smile like a Hahoe mask
This is the opening ceremony. For all you old-timers who
Treated me coldly, saying I don't have
Enough fake enthusiasm. Verse cheers, raise your glasses
Drink up the success, there's no chasers
Even if I don't act like I know
My attitude is always learning
A human blessing in disguise
Don't judge me with your standards yeah

Holla and holla,
With this track, you'll shout out
Cross your arms and listen,
I've always hidden myself dude
Holla and holla,
With this track, you'll shout out
Cross your arms and listen,
I've always hidden myself dude

I'm a gho gho gho gho ghost ghost
I'm a gho gho gho gho ghost ghost
I'll steal your soul
Rockin' gold chain n roll
I hid myself
But you'll see the light soon

White or black, white or black
This society has no middle
Sometimes being split with bad things
Facing the severe reality, still ballin
You all thought I was someone you could pick on
But in the end, your eyes glaze over
And your ears are prickled up
It's my dream to raise the value of my stars,
To be recognized as someone different
Put some foam in your mouth and fight me
Try to kill my mentality that fights and thirsts
You just talk a loud game
And even though you go out every Friday night
Your results show that you have no audience in front of you

Holla and holla,
With this track, you'll shout out
Cross your arms and listen,
I've always hidden myself dude
