

## Indigo Rain

Viza

It doesn't matter where we kiss.  
It doesn't matter where we die.  
It doesn't matter who is who as long as "love" won't cry.  
As long as "love" won't cry.  
Indigo.  
Rushing through my veins.  
Washing all the mud.  
Indigo, rushing through the mud.  
Leave me, love me, turn before me.  
I travel far for thee.  
Lure me, cleanse me and adore me.  
I travel far for thee.  
I travel far for you love.  
Leave me, love me, turn before me.  
I travel far for thee.  
Lure me, cleanse me and adore me.  
I travel far for thee.  
I travel far for you love.  
I travel far for you love.  
It doesn't matter what we sip.  
It doesn't matter when we dine.  
It doesn't matter if love drips off the edge of my knife.  
The edge of my knife.  
Indigo.  
Rushing through my veins.  
Washing all the mud.  
Indigo, rushing through the mud.  
Leave me, love me, turn before me.  
I travel far for thee.  
Lure me, cleanse me and adore me.  
I travel far for thee.  
I travel far for you love.  
Leave me, love me, turn before me.  
I travel far for thee.  
Lure me, cleanse me and adore me.  
I travel far for thee.  
I travel far for you love.  
I travel far for you love.  
Leave me, love me, turn before me.  
I travel far for thee.  
Lure me, cleanse me and adore me.  
I travel far for thee.  
Leave me, love me, turn before me.  
I travel far for thee.  
Lure me, cleanse me and adore me.  
I travel far for thee.  
I travel far for you love.  
I travel far for you love.  
I travel far for you love.  
I travel far for you love.
