

Ms. Information

Viza

I fall asleep to your voice
While all the bees have no choice
I riddle you in white noise
Exaggeration Ms. Information. Now!

I won't share your secrets
I will have no regrets
I am always upset
Exaggeration Ms. Information

I can satisfy you
I should pacify you
I am more inside you
Exaggeration Ms. Information. Now!
This is where it...this is where it ends
While you're next to me
Bathed in ecstasy
I will lead you to a river full of hungry lions

I am a war machine
Another war machine
We are the war machine

Who's gonna make it?
Who's gonna break it?

This is where it...this is where it ends
While you're next to me
Bathed in ecstasy
I will lead you to a river full of hungry lions

I am a war machine
Another war machine
We are the war machine
Who's gonna make it?
Who's gonna break it?

This is where it...this is where it ends
While you're next to me
Bathed in ecstasy
I will lead you to a river full of hungry lions
Now you're next to me
Bathed in ecstasy
I have lead you to a river full of hungry lions
