

# Erase You

Vöök

Ha, ha, ha  
Ha, ha, ha

I'm running for my life, it's so old now  
You don't wanna be sane  
You're needy when you say "I don't need it"  
I try, but you don't wanna change

You're always on my mind, on my mind  
But you're crushing it  
Weighing on my mind, all the time  
And you're killing this  
It's a funny little thing when you try to control me  
To own me, and it backfires

Ha, ha, ha  
The joke's on you  
Ha, ha, ha  
You pushed, I pulled away  
Now you're on eternal mute  
Ha, ha, ha  
You pushed me to escape

I'd like to  
Erase you

I'm not saying I'm in hell, but it's hot here  
And I don't wanna stay  
I won't settle for you just cause it's easy  
It's not the time to hesitate

You're always on my mind, on my mind  
But you're crushing it  
Weighing on my mind, all the time  
And you're killing this  
I don't understand why you try to control me  
To own me, so it backfires

Ha, ha, ha  
The joke's on you  
Ha, ha, ha  
You pushed, I pulled away  
Now you're on eternal mute  
Ha, ha, ha  
You pushed me to escape

Ah, ah, ah  
I'd like to  
Ah, ah, ah
