

There's something in the water  
There's something in the way  
I wanna get further  
Out of this cold and empty space  
I'm trying so hard to  
Cover up my tracks  
I'm going through a change now  
I'm going through a hard phase

Don't you tell me I should lock in my thoughts  
Hide the keys  
When I'm open to adjust to your beliefs  
I am growing to be someone that I'm not  
That I fear  
There's a voice inside my head now saying  
"Take the wheel and steer"

I'm dying to open up  
I'm vulnerable

I am stuck in my own skin  
I am stuck in my own skin

Living in the echo  
Living for the chase  
Trapped in a hollow  
Stuck in a lonely, quiet place  
I'm trying so hard to  
Figure out myself  
I'm going through a change now  
Searching for a life I long to have

Don't you tell me I should lock in my thoughts  
Hide the keys  
When I'm open to adjust to your beliefs  
I am growing to be someone that I'm not  
That I fear  
There's a voice inside my head now saying  
Take the wheel and steer

I'm dying to open up  
I'm vulnerable  
So vulnerable

I'm dying to open up  
I'm vulnerable  
So vulnerable

I am stuck in my own skin  
I am stuck in my own

(So stuck in my own  
So stuck in my own  
So stuck in my own  
So stuck in my own)  
I am stuck in my own skin  
(So stuck in my own

So stuck in my)  
I am stuck in my own skin
