

## Something Bad

Vök

Something bad is coming  
And we all can feel it  
Why is he still lying there?

I can feel it coming  
I can feel it coming  
I can feel it coming

I cannot explain this  
An out-of-body experience  
I am not replying

Please don't shut it down

Am I stuck in a grim dream?  
My worst nightmare surrounding me  
What a way to end the party

Who's the one to blame?

I can feel it coming  
I can feel it coming

I can feel it coming  
I can feel it coming  
I can feel it coming  
I can feel it coming  
I can feel it coming  
I can feel it coming  
I can feel it coming  
I can feel it coming

Where do they go  
When they leave this earth?  
Once I was told  
You die for rebirth

It's coming  
Oh, I feel it coming
