

Waiting

Vök

I will not lie
I see the way you feel
No need to hide
The keeper's gonna keep

I can't run away
Starting to feel the heat
Searching for you now
Winner's gonna win

I'll keep you waiting
Waiting for me
I'll keep you waiting
Waiting for me

I can't decide
Which one of them is real
I'm waiting for you to find me
I'm curious will you handle it

I can't run away
Starting to feel the heat
Searching for you now
Winner's gonna win

I'll keep you waiting
Waiting for me
I'll keep you waiting
Waiting for me now
