

Waterfall

Vök

There's something about them
The troubled eyes
Mister soulmate

Breath in for the last time
Breath in for the last time

You think you are the only one
To reach for the surface
Finding the current

Breathe out for the last time
Breathe out for the last time
Breathe out for the last time

Buried in a waterfall
Inhaling water
Pushed against the water
Buried in a waterfall

Held in for so long
As long as you could
Eyes slowly fading
You are running out of time
You are running out of time
You ran out of time

Buried in a waterfall
Inhaling water
Pushed against the water
Buried in a waterfall

You're not the only one
You're not the only one
You're not the only one
No, you're not the only one
You're not the only one
No, you're not the only one!

Buried in a waterfall
Inhaling water
Pushed against the water
Buried in a waterfall
Buried in a waterfall
