

What Is Real

Vök

The past left me broken
Got nothing left lose
I've found a healing potion
To cover up my bruise

The days are getting better
Though the night is cruel
I close my eyes and enter
The eternal loop

Going to another place
Another universe
Another realm
Sleeping, dreaming
What is real
Leap and the net will appear

Going to another place
Another universe
Another realm
Sleeping, dreaming
What is real
Leap and the net will appear

Leap and the net will appear

Going to another place
Another universe
Another realm
Sleeping, dreaming
What is real
Leap and the net will appear

Going to another place
Another universe
Another realm
Sleeping, dreaming
What is real
Leap and the net will appear

The past left me broken
Got nothing left lose
I've found a healing potion
To cover up my bruise

The days are getting better
Though the night is cruel

The eternal loop

Going to another place

Sleeping, dreaming
What is real
Leap and the net will appear

Leap and the net will appear

I'm going to another place
Another universe

Sleeping, dreaming
What is real
