We sell you redemption
We tell you that you have to be saved
We promise forgiveness
And teach you how to love with hate
We sell you salvation
The wages of sin must be paid
Our methods span the ages
All we do is change the name

Give your life in sacrifice
As if all will love you

Give your life in sacrifice
As if all will love you

We sell you a cause
And give you a reason to fight
Manufacture retribution
And devotion of the acolytes
Confess and be cleansed!
Obey us and do as we say!
Dictating your opinion
Until poison's all that runs in your veins

Give your life in sacrifice
As if all will love you

Give your life in sacrifice
As if all will love you

Join the movement! Join the cause!
Exalt our names as its own reward
Don't give it to others, give it all to us
We're selling betrayal in exchange for trust
We'll own you body, mind, heart and soul
When you join the righteous, as the numbers grow
We'll sell you meaning when you buy our love
When you buy our love, when you buy our love
When you buy our love!

Join the movement! Join the cause!
