

JOY (Unspeakable)

Voices of Fire

Joy, joy, joy, joy
Joy, joy, joy, joy
Joy, joy, joy, joy (Uh)
Joy, joy, joy, joy (Yeah)

Unspeakable-speakable
Don't mean it's unreachable
I'll go where He leads me to
More synonyms, I'm gon' need a few
Lately, I've had a hard time
Ain't been satisfied when I testify
Wanna make sure I'm sharp when I make the point of view
When them blessings come through (I'm clear then)
And even though I'm clear (When you do it again)
They must understand the point of view

The last word doesn't come from the doctor
Who's the world that the doctor comes out of?
Just keep praying beyond the last hour
Now you've witnessed the procedure of power

Mumbling to myself, must think I'm crazy
But I'm humbling myself and I'm giving praise
Fumbling God in myself, they don't what I'm saying
If you crumble and need help, I know who can raise you

Unspeakable-speakable
Don't mean it's unreachable
I'll go where He leads me to
More synonyms, I'm gon' need a few
Lately, I've had a hard time
Ain't been satisfied when I testify
Wanna make sure I'm sharp when I make the point of view
When them blessings come through (I'm clear then)
And even though I'm clear (When you do it again)
They must understand the point of view

Said I couldn't change that, that's another life
But I scrubbed like Ajax, I've stayed on my grind
I was way (Way back), now I'm front of line
Was I s'posed to say that? Ain't tryna undermine

Mumbling to myself, must think I'm crazy
But I'm humbling myself and I'm giving praise
Fumbling God in myself, they don't what I'm saying
If you crumble and need help, I know who can raise you

Unspeakable-speakable
Don't mean it's unreachable
I'll go where He leads me to
More synonyms, I'm gon' need a few
Lately, I've had a hard time
Ain't been satisfied when I testify
Wanna make sure I'm sharp when I make the point of view
When them blessings come through (I'm clear then)
And even though I'm clear (When you do it again)
They must understand the point of view

Dark situations can make them much brighter, yeah, yeah, yeah
If your spirit's weighed down, He can make them much lighter, yeah
You're just takin' off, you can go higher
Now let the joyful water fill your eyes up

Lately, I've had a hard time
Ain't been satisfied when I testify
Wanna make sure I'm sharp when I make the point of view
When them blessings come through (I'm clear then)
And even though I'm clear (When you do it again)
They must understand the point of view

Oh, I've got (Joy)
Wonderful (Joy)

In my walk (Joy), in my talk (Joy)
In my home (Joy) or my job (Joy)
Enormous joy (Joy), wonderful joy (Joy)
Indescribable joy (Joy), unspeakable joy (Joy)
If you want it, you can have it (Joy)
If you need it, you can have it (Joy)
Love, peace (Joy)
Joy, joy (Joy)
When them blessings come through
(When them blessings come through)
When them blessings come through
(When them blessings come through)
When them blessings come through
(When them blessings come through)

Thank God for joy (Joy)
Thank you, God, for your joy (Joy)
Power, peace (Joy)
