

## At Second Thought

VOILÀ

It was love at first sight  
And hate at second thought  
Ya I thought she was mine  
But now I know that she's not

"I just hoped that some day someone would love me"

Well I got a story for you  
It's kinda like a warning about who  
You go and give your Saturdays too

"You're gonna wanna listen up"

Remember that girl I took out?  
The one I couldn't shut up about  
I bet you wonder how it turned out

Ya, I knew that she was the one  
I guess I was right in a way  
Cause she was the one, the one that got away

Cause it was love at first sight  
And hate at second thought  
Ya I thought she was mine  
But now I know that she's not

You got me like  
I love you  
To the moon  
But never back

And then I thought that I knew  
That what we had was  
Love at first sight  
And hate at second thought  
Now that I think of it

I guess that it was all for nothing  
Her heart was like a shadow puppet  
It looked like something it wasn't

"You're gonna wanna listen up"

It's better to have loved and lost it  
And all of that blah blah bullshit  
But she fucked up and she knows it

Cause it was love at first sight  
And hate at second thought  
Ya I thought she was mine  
But now I know that she's not

You got me like  
I love you  
To the moon  
But never back

And then I thought that I knew  
That what we had was  
Love at first sight  
And hate at second thought

And I knew that she was the one  
I guess I was right in a way  
Cause she was the one, the one that got away

Ya, I knew that she was the one  
Ya she was the one alright  
She was the one, the one that ruined my life

It was love at first sight  
Hate at second thought  
Ya I thought she was mine  
But it turns out she's not

You got me like  
I love you to the moon  
But never back

And then I thought that I knew  
That what we had was  
Love at first sight  
And hate at second thought  
Hate at second thought  
Hate at second thought

Now that I think of it
