

# Beautiful Lie

VOILÀ

Kicking me when I'm down  
Breaking your glass slipper  
Of all the girls in this town can't believe it fit her  
Got a snake on her tongue  
Feel it when I kiss her  
But it's about time it bit her

Lights camera action  
Bit of movie magic  
Let's keep acting while it's still in fashion  
What a beautiful lie  
What do we have if we don't believe it tonight  
Just look happy as we're standing here face to face  
But we don't see eye to eye  
What a beautiful lie

Hello world  
Hear me now  
I'm writing this from behind the bars  
Can somebody break me out?  
I'm trapped and held inside her arms  
So when nobody's around  
Help me sneak out past the guard  
Cause I'm a prisoner  
Playing the part

Lights camera action  
Bit of movie magic  
Let's keep acting while it's still in fashion  
What a beautiful lie  
What do we have if we don't believe it tonight  
Just look happy as we're standing here face to face  
But we don't see eye to eye  
What a beautiful lie

What a beautiful lie  
What do we have if we don't believe it tonight  
Just look happy as we're standing here face to face  
But we don't see eye to eye  
What a beautiful lie

I see through  
But I don't want to lose an illusion no  
Smoke and mirror kind of loving  
I see you  
But I don't wanna lose an illusion no  
Or all of this was all for nothing

Lights camera action  
Bit of movie magic  
Let's keep acting while it's still in fashion  
Lights camera action  
Bit of movie magic  
Let's keep acting like it's so dramatic

What a beautiful lie  
What do we have if we don't believe it tonight

Just look happy as we're standing here face to face  
But we don't see eye to eye  
What a beautiful lie

What a beautiful lie  
What do we have if we don't believe it tonight  
Just look happy as we're standing here face to face  
But we don't see eye to eye  
What a beautiful lie
