

Drinking With Cupid

VOILÀ

Since you left, I give my breath to cigarettes
Since you left, I try my best to forget
I can't escape the love we made, it follows me
I can't escape from your love

And I've been rolling the dice with Aphrodite
Spendin' my nights without you beside me
Throwin' some darts in bars with the queen of hearts, queen of hearts

And I've been drinking with Cupid
Thinking of you, babe, thinking of you, babe, oh
How can I be so stupid?
If I didn't lose it, if I didn't lose it, woah
I've been spinning the bottle
Fighting the bottom, fighting the bottom, oh
I've been drinking with Cupid
Thinking of you, babe, thinking of you, babe, oh
Dee-dum-dum, dee-dum-dum-doo-ooh, ooh

And since you left, I try my best to turn the page
Since you left, I roll my joints with Hemingway
I can't erase the way your face lit up this place
I can't escape from your face

And I've been rolling the dice with Aphrodite
Spendin' my nights without you beside me
Throwin' some darts in bars with the queen of hearts, queen of hearts

And I've been drinking with Cupid
Thinking of you, babe, thinking of you, babe, oh
How can I be so stupid?
If I didn't lose it, if I didn't lose it, woah
I've been spinning the bottle
Fighting the bottom, fighting the bottom, oh
I've been drinking with Cupid
Thinking of you, babe, thinking of you, babe, oh
Dee-dum-dum, dee-dum-dum-doo-ooh, ooh
Dee-dum-dum, dee-dum-dum-doo-ooh, ooh

And I've been drinking with Cupid
Thinking of you, babe, thinking of you, babe, oh
How can I be so stupid?
If I didn't lose it, if I didn't lose it, woah
I've been spinning the bottle
Fighting the bottom, fighting the bottom, oh
I've been drinking with Cupid
Thinking of you, babe, thinking of you, babe, oh
Dee-dum-dum, dee-dum-dum-doo-ooh, ooh
Dee-dum-dum, dee-dum-dum-doo-ooh, ooh
