

**FMK!**

**VOILÀ**

Mmmmm

You broke a pinky promise  
With your ring finger

Mmmmm

I hope you got what you wanted  
And get what you deserve

Mmmmm

One second you were kissing me  
Next second he was down on one knee  
Remember when we played that game?  
Well, now your answers changed...

"Fuck, marry, kill"

You're playing with me still  
Was it ever real?  
Were you faking how you feel?

"Fuck, marry, kill"

You did em: 1 2 3  
You screwed me with a ring  
It'll be the death of me

And I know he makes more money  
Than a boy in a band

Mmmmm

And honey I think it's funny  
I found out on Instagram

Mmmmm

One second you were kissing me  
Next second he was down on one knee  
Remember when we played that game?  
Well, now your answers changed...

Fuck, marry, kill

You're playing with me still  
Was it ever real?  
Were you faking how you feel?

Fuck marry kill

You did em: 1 2 3  
You screwed me with a ring  
It'll be the death of me

What did you want from me?  
Love me and left  
It was our wedding  
Now I'm only a guest

What did you want from me?

You made a mess  
Love of my life  
But then you left me for dead

What did you want from me?  
How should I act?  
Was somebody's bride to be  
The best that I'll have?

What did you want from me?  
What can I do?  
Was I always gonna lose?

Fuck, marry, kill  
You're playing with me still  
Was it ever real?  
Were you faking how you feel?

Fuck marry kill  
You did em: 1 2 3  
You screwed me with a ring  
It'll be the death of me

What did you want from me?  
Love me and left  
It was our wedding  
Now I'm only a guest

What did you want from me?  
You made a mess  
Love of my life  
But then you left me for dead
