

It's Got A Ring To It

VOILÀ

Blame it on my new suit and tie
Blame it on I'm younger than my wine
Either way, I'm feeling like my wife's
In the room tonight

Maybe it's the way that dress fits
Making me wanna ask the question
Either way, I'm feeling like my wife's
In the room tonight

When can I see you after tonight
'Cause I'm kinda thinking the rest of our lives?

I can't wait
Wait another day
Say "I do" the Vegas way
'Cause, girl, if you're asking me
It's got a ring to it

I can't wait
Wait to go and change
Your left hand and your last name
'Cause, girl, if you're asking me
It's got a ring to it

Blame it on the gin martini
That's got me wanting to get on a knee
Either way, I think my bride to be
Is looking right at me

When can I see you after tonight
'Cause I'm kinda thinking the rest of our lives?

I can't wait
Wait another day
Say "I do" the Vegas way
'Cause, girl, if you're asking me
It's got a ring to it

I can't wait
Wait to go and change
Your left hand and your last name
'Cause, girl, if you're asking me
It's got a ring to it

'Cause, girl, if you're asking me
It's got a ring to it

I'm looking for Mrs. Right
So I'ma Mrs. you up tonight
I'm looking for Mrs. Right
So I'ma Mrs. you up

I can't wait
Wait another day
Two "I do"s the Vegas way
'Cause, girl, if you're asking me

It's got a ring to it

I can't wait

Wait to go and change

Your left hand and your last name

'Cause, girl, if you're asking me

It's got a ring to it

'Cause, girl, if you're asking me

It's got a ring to it

'Cause, girl, if you're asking me

It's got a ring to it
