

Potion

VOILÀ

La la
La la, la la, la la, la la la
La la, la la, la la, la la la
La la, la la, la la, la la la
La la, la la, la la

I hate
All of the boys in this place
All they can say is "Hey, babe"
Constantly going insane, insane

I hate
All of the girls in this place
Chronically resting bitch face
But I'm getting lonely and it's late

Take me over to the sink
I've had a bit too much to think
And boy, oh boy
You look like I need a drink

Uh ah
Take the potion
And fall in love in slow motion
Uh ah
I'm fully loaded
Waiting for you to pull it
Uh ah
And this emotion
Has got me on the floor floatin'
Uh ah
Take the potion
And fall in love in slow motion

La la
La la, la la, la la, la la la
La la, la la, la la, la la la
La la, la la, la la, la la la
La la, la la, la la

I hate
All of the songs that they play
All of them sound the damn same
Not quite sure why I stay, I stay

I came
All the way here a damn shame
None of these girls have got game
But I'm getting lonely and it's late

Take me over to the sink
I've had a bit too much to think
And boy oh boy
You look like I need a drink

Uh ah
Take the potion

And fall in love in slow motion
Uh ah
I'm fully loaded
Waiting for you to pull it
Uh ah
And this emotion
Has got me on the floor floatin'
Uh ah
Take the potion
And fall in love in slow motion

La la
La la, la la, la la, la la la
La la, la la, la la, la la la
La la, la la, la la, la la la
La la, la la, la la
Uh ah
