

# Right For Us

VOILÀ

I never did pray  
But I know how  
It feels to fall down on my knees  
And I mistake  
What I wanted  
For what I really did need

Oh if love can fade  
Then so can the pain  
Oh if love can fade  
Then so can the pain  
And if you can fade  
Then I'll do the same

We ain't right for us  
I'm sorry to say  
That we can't fight for us  
It's a little late  
And I'll try not  
To cry but  
It's tough  
And I wish I could stay  
But we ain't right for us  
So let's go our own way

Why am I drowning  
In the river  
That once led me right to you  
And I'm shouting  
To remember  
How my voice works without you

Oh if love can fade  
Then so can the pain  
Oh if love can fade  
Then so can the pain  
And if you can fade  
Then I'll do the same

We ain't right for us  
I'm sorry to say  
That we can't fight for us  
It's a little late  
And I'll try not  
To cry but  
It's tough  
And I wish I could stay  
But we ain't right for us  
So let's go our own way

I never sleepwalk  
But I bet it  
Would feel a lot like this  
Cause we're  
In a nightmare  
And we're stuck there  
And I can't wake up from it

Oh if love can fade  
Then so can the pain  
Oh if love can fade  
Then so can the pain  
And if you can fade  
Then I'll do the same (Yeah, yeah)

We ain't right for us  
I'm sorry to say  
That we can't fight for us  
It's a little late  
And I'll try not  
To cry but  
It's tough (It's tough)  
And I wish I could stay  
But we ain't right for us  
So let's go our own way
