

# Something Blue

VOILÀ

Dearly beloved  
We're gathered here today  
To watch a big mistake  
White's not your color  
What I mean to say  
Is my feelings haven't changed

Are my feet getting cold she said  
Is it 20 below? She said  
There's something I must confess  
I wish it was you instead

Something old  
Something new  
Something borrowed  
Something blue  
I'm the old  
He's the new  
Watching you, got me feelin'  
Blue  
Got me feelin'  
Blue

Dearly beloved  
For better or for worse  
He's better in a hearse

Are my feet getting cold she said  
Is it 20 below? She said  
There's something I must confess  
I wish it was you instead  
I'm waiting on the priest  
To give my time to speak  
I'm not gonna hold my peace  
I wish it was with you with me

Something old  
Something new  
Something borrowed  
Something blue  
I'm the old  
He's the new  
Watching you, got me feelin'  
Something old  
Something new  
Something borrowed  
Something blue  
I'm the old  
He's the new  
Watching you, got me feelin'  
Blue  
Got me feelin'  
Blue  
Watching you, got me feelin'  
Blue  
Got me feelin'  
Blue

Remember the time when I bought you that locket  
Where did it go, maybe you lost it?  
Somehow it feels like it might be symbolic  
Like losing your love and having to watch it  
But then she takes my hand  
Driving my vintage Benz  
We both laugh as she says  
I don't even own this dress  
And I'm not growing old with him

Something old  
Something new  
Something borrowed  
Something blue  
I'm the old  
He's the new  
Watching you got me feelin'  
Something old  
Something new  
Something borrowed  
Watching you got me feelin'  
Something old  
Something new  
Something borrowed  
Watching you got me feelin'
