

Ion

Voivod

Agents wonder about this world?
Transmitter of empty bytes
Shortwave fogging up my sky

Ion, dead way, dead way
There's no return
There's no return!

Ocean power's going to rise
Vibrations of frequencies
Psychic beat of destiny

Heart of doom
Ion comes round?
Way unknown
Ion comes through

Is this all about this world?
Transmitter of empty bytes
Shortwave fogging up my sky
