

## Wrong-Way Street

Voivod

I lost my key...Where is the door?  
Am I living here anymore?  
My souvenirs thrown on the floor  
It's never been this bad before  
I went outside to get a life  
But everything was closed up tight  
Why should I care? Why should I run?  
Now that I'm home...my guitar's gone!

I'm taking it day by day  
Life goes on...oh, yeah, life goes on...

Awake at night I look outside  
A burning car in the dawning light  
A sorry sight...another fight  
A scenery in black and white  
What can I do? What can I say?  
It's a hard time in a hard place

I'm taking it day by day  
Life goes on...oh, yeah, life goes on...

Don't ask me if I feel alright  
I'm glad that I am here tonight  
Don't ask me if it's wrong or right  
Remember everything is fine  
Remember...Forever

It's getting worse, most everyday  
But has it always been this way?  
This price I have to pay today  
My goddamn house is in flames  
A traffic jam...commercial breaks  
And politicians' big disgrace  
This planet earth...it's where I live  
It's where I'll die, I do believe

I'm taking it day by day  
Life goes on...oh, yeah, life goes on...
