

# God Thinks

Voltaire

God thinks all blacks are obsolete farm equipment  
God thinks the Jews killed his son and must be punished  
God thinks the white man is Satan  
God, they know what God thinks

God thinks we should all convert to Judaism  
God thinks we must all be Christians and  
God thinks we should all embrace Islam  
God thinks the only true religion is Hinduism

And I, I know what God thinks  
God thinks you're a waste of flesh  
God prefers an Atheist  
God, God

God thinks all people like you are hateful  
God thinks all people like you are an embarrassment to creation  
Self-righteous  
Judgmental  
First to throw the stone  
And using His name for your own protection

God thinks the Sun revolves around the Earth  
God thinks there was something very wrong with Copernicus  
God thinks abortion is murder and  
God thinks everything that science gave us is wrong  
God thinks women deserve it  
God thinks AIDS is a form of punishment  
I hate people who blame the Devil for their own shortcomings and  
I hate people who thank God when things go right

And I, I know what God thinks  
God thinks you're an idiot  
God prefers a heretic  
God, God

God thinks all people like you are hateful  
God thinks all people like you are an embarrassment to creation  
Self-righteous  
Judgmental  
First to throw the stone  
And using His name for your own agenda

God is a liberal  
God is a democrat  
God wants you to vote republican  
Never trust a man who puts his words  
In the mouth of God and says that it's absolute truth  
It's lies and it smells like death  
It's all in a day's work taking money from the poor  
Why do you think that God  
Would need your dirty money if you want to start a holy war?

Self-righteous  
Judgmental  
First to throw the stone  
Using His name for your own protection

God thinks puppies need to die and  
God thinks babies need to drown  
'Cause God is neither good nor bad  
God is you and me  
God is everything
