

Gonna' sin again
Dealing discipline
Get your head right
Don't imitate
Neo renegade
I'm not your enemy
What you wait for
Don't hesitate

What have I done to you this time
You'll stay the same
But you know that I'm
Gonna' sin again
Dealing discipline
Get your head right
Don't imitate

Nothing else left in the vial
The problem child
Maybe I made you forget
I needed to get it off my chest
I'm not your only enemy

Holding the weight of the world
Tangled up in the chord
But you left me no choice
Have to fill the void
Never get enough 'cause I'm feeling like I'm

Gonna' sin again
Dealing discipline
Get your head right
Don't imitate
Neo renegade
I'm not your enemy
What you wait for
Don't hesitate

What have I done to you this time
You'll stay the same
But you know that I'm
Gonna' sin again
Dealing discipline
Get your head right
Don't imitate
