

## Forever Damned

### Vomitory

From concealment risen, by ritual recitation  
Black magical words, to finalize the incantation  
Warlocks standing hand in hand, chanting blasphemous forbidden  
names  
Opening the ancient gates, bring forth the infernal fiend

Mankind forever damned  
Forever damned

Darkness falls upon the earth, the sun will never shine again  
From a place of pain and turmoil, inhabitant of hell arise

Mankind forever damned  
Forever damned

Sinners suffer for eternity, punishment reclaimed in blood  
Lower world of the cursed, the dead will rise again  
A severe affliction, extinction closin in

Mankind forever damned  
Forever damned
