Piece by Stinking Piece

Vomitory

Dressed in cadavers
A carnage through their wounded flesh
The trenches filled with reeking bodies
Left to decompose
A never ending hate
The death count never stops
Dismembered lifeless mush
All dead, all forgotten

All pain, all suffering
War will make corpses of us all
A slaughter legion unleashed
Bred for a single purpose

The chapter of rot has begun
Maggot eaten flesh
The chapter of death has begun
All life exterminated

The fumes of ripped out guts
Bloated entrails covered in mud
Merciless soldiers attack
Killers blinded by hate
