

# Ecstatic

Vonda Shepard

Well, I'm ecstatic  
You're beautiful and radical  
You love like a fanatic  
And I'm on my knees

It doesn't seem my limitation  
Since I'm deep as aware  
Rolled up like a crustacean  
It pulls me from my shell  
And I can't hide

I try to squeeze myself  
Into this tiny little box  
Acting like I'm sturdy  
But I'm tiring on the rocks  
And I can't fly

Well, I'm ecstatic  
You're beautiful and radical  
You love like a fanatic  
And I'm on my knees

I feel so busted  
I thought that I had rusted  
You took me down to what I really need

I'm wandering down a street  
Nuggin' a funky beat  
I never felt so complete  
But turning on the heat to hide

I'm suddenly rockin' smooth  
Walkin' in these black shoes  
I never thought that I  
I could shake these blues  
But now I'm high

Well, I'm ecstatic  
You're beautiful and radical  
You love like a fanatic  
And I'm on my knees

I feel so busted  
I thought I had rusted  
You took me down to what I really need

I get distracted by the day  
I'm one of these lucky devils  
Who sometimes gets away  
I can be persuaded any which way  
But, baby, now you're with me  
I am in a state

Well, I'm ecstatic  
You're beautiful and radical  
Well, I'm ecstatic  
You're beautiful and radical

Well, I'm ecstatic  
You're beautiful and radical  
Well, I'm ecstatic  
You're beautiful and radical

Well, I'm ecstatic  
You're beautiful and radical  
Well, I'm ecstatic  
You're beautiful and radical
